

Royals Forbidden Love

After kicking her cheating fiancé to the curb, Angie Marsh wants to spread her wings as she pursues her career and heals her wounds. So when she puts her best foot forward toward employment at an exclusive club, she's fascinated by the charismatic, sexy man who rescues her from an embarrassing situation. When she learns who he is, there's nothing to prepare her. Majid ben Yusuf al Said is Middle East play boy and prince. He can have his choice of women, and he does often. So when he meets independent and determined beauty Angie Marsh, he's more than a little stunned by his sudden and overwhelming attraction to her. It's when his feelings for her grow that he's surprised by the new feelings curling inside him. Will she be able to heal and trust again? Will he recognize his feelings for what they are? Will they both find happiness, or will they deny their feelings? Note: The story contains passionate scenes between an alpha sheikh and a strong-willed female lead.
