

Free to Be Tegan: Free from the cult...to find love, to be herself

Tegan, aged twenty seven, is cast out of the cult, rejected by her family and from the only life she has known. She is vulnerable and naive but she also has courage and the will to survive. She travels to Wales, to previously unknown relations in the wild Cambrian Mountains. This is the uplifting story of her journey from life in a cult to find herself and flourish in a world she has been taught to fear and abhor. Guilt and shadows from her past haunt her in flashbacks, panic attacks and a fear of the dark. However she also finds a world full of colour, love and happiness she has never known before. The wild beauty of the hills, the people she meets and the secrets slowly revealed by the cottage all provide an intriguing backdrop to Tegans drama. The novel is set in spring, a story of hope, new growth, of the discovery of self and the joy of living. Enjoyed Maeve Binchy and Diane Chamberlain?
