

## Self-Consciousness: Memoirs

Self-Consciousness One of our finest novelists now gives us his most dazzling creation -- his own life. In six eloquent and compelling chapters, the author of *The Witches of Eastwick* and the wonderful *Rabbit* trilogy gives us an incitingly honest look at the makings of an American writer -- and of an American man. Here is Updike on his childhood, on ailments both horrible (psoriasis) and hilarious (his experiences at the hands of a dentist), on his stuttering, on his feelings during the Vietnam War, on his genealogy. and on that most elusive of subjects, his innermost self. What emerges is a fascinating, fully formed portrait -- candid, often very, funny, and always illuminating. John Updike From the Paperback edition.

**Self-consciousness: memoirs - John Updike - Google Books** This work by Updike is not an autobiography that is, it is not a chronicle of events that have made up the authors life.
