

Lifes Journey - Book 4: Survival

The continuing story of Johnnie, a young skinhead; how he survives his ordeal of having had to jump ship in the frigid waters of Port Philip Bay and how he and Joe both find new loves. Set in Australia, this story is more about their new lives together and the new loves they both find. How they all move about the country as itinerant workers until they find a new life in Karumba working the prawn trawlers. They all chip in to buy a small trawler of their own to fish during the off season and how the Skin Fisher overturns and two of the group are lost at sea.
