

Bondage Bungalow Fantasies: Scripts for Canadas Most Famous Dominatrix

Bondage Bungalow Fantasies offers a fascinating follow-up to Dominatrix on Trial, the memoirs of Terri Jean Bedford, Canadas most famous dominatrix. For five years, Terri-Jean operated two elite role-playing facilities catering to men the Bondage Bungalow and the Bondage Hotel. Now she shares more than one hundred letters from men who bare their souls and secret desires. In fascinating detail, their letters reveal how these men desire the chance to worship women. They want to be enslaved and tortured by powerful women. The letters range from bizarre to moving. Through an inside, day-in-the-life glimpse into two particular days, she explains what her clients experienced and how she trained her dedicated staff. She also shares some of the most interesting questions submitted to her popular blog and her candid answers. Terri-Jean then takes us into her inner world as both a bold, groundbreaking entrepreneur and a dominatrix. She tells it all, including how she got her devoted clients to open up to her with detailed outlines of their deepest fantasies. Complete with photos, Bondage Bungalow Fantasies is a revealing look into what her clients were begging to endure to make these dark, beautiful, sensual dreams come true. Join Terri-Jean in her private world and see how she made her dreams and theirs come true.
