

# The Philosophy Shop: Ideas, Activities and Questions to Get People, Young and Old, Thinking Philosophically

The Philosophy Shop is a veritable emporium of philosophical puzzles and challenges to develop thinking in and out of the classroom. Imagine a one-stop shop stacked to the rafters with everything you could ever want, to enable you to tap into young peoples natural curiosity and get them thinking deeply. Well, this is it! Edited by philosophy in schools expert, Peter Worley and with contributions from philosophers from around the world, The Philosophy Shop is jam-packed with ideas to get anyone thinking philosophically from children and young people to adults. For use in the classroom, at after school clubs, in philosophy departments and philosophy groups or even for the lone reader, this book will appeal to anyone who likes to think. Take it on journeys and dip in; use it as a classroom starter activity, or for a full philosophical enquiry - it could even be used to steer pub, dinner party or family discussions away from the same old topics. Suitable for adults and children. The Philosophy Shop won the Education Resources Award for Best Educational Book in 2012. Won the New England Book Festival 2012 Winner for Compilations/Anthologies category. Finalist for ForeWord Review Book of the Year 2012 Awards.
